

Parsons Behle and its shareholders honored and trusted Brook by electing him to the firm's Board of Directors and appointing him the Managing Shareholder of the Boise office. Brook brings 30-plus years of experience as a commercial litigator and years of experience managing litigation involving complex discovery and complex facts.

Brook B. Bond

Director, Vice President, Shareholder | Boise

Biography

Brook Bond's legal practice focuses on complex business, insurance, environmental and commercial litigation and counseling. He also focuses on behalf of and to corporations and individuals in a variety of industries, including mining, science, energy, construction, agriculture, transportation, insurance, direct selling and multi-level marketing (MLM).

During the past 30-plus years of his practice, Mr. Bond has handled massive cases involving multiple parties, millions of documents and complex legal and scientific issues. Many of these cases involved environmental contamination and various environmental issues. Mr. Bond has routinely represented companies and individuals in direct selling and multi-level marketing business litigation; environmental litigation relating to pollution and remediation; and insurance companies or insureds in environmental insurance coverage actions. Additionally, he has handled cases representing individuals and smaller companies in various types of business litigation.

Mr. Bond has litigated a wide range of cases involving business torts, environmental contamination, real estate disputes, contract disputes, intellectual property and public entity law. His educational background includes training in genetics, seed science, biology, agronomy, microbiology, biochemistry and analytical chemistry.

Experience

Counseled Nevada Multi-level Marketing Company

Defense of a Delaware Direct Sales Company for Alleged Business Torts and Misappropriation of Trade Secrets

Successfully defended a Delaware direct sales company against litigation from another direct selling company for alleged business torts and misappropriation of trade secrets. Successfully and actively participated in extensive factual and motion practice related to international employment.

Advised Individual MLM Distributors

Successfully advised individual distributors and employees regarding issues associated with their relationships with multi-level marketing and direct selling companies.

Attorney-Client Privilege and Work Product Doctrine Counsel

Advised multiple clients and attorneys regarding specific areas of attorney-client privilege and work product doctrine issues.

Defended Ohio Corporation in Idaho for Business Torts

Successfully defended an Idaho corporation against litigation from another Idaho corporation for alleged business torts relating to a real estate transaction. We successfully obtained summary judgment and attorneys' fees related thereto.

Represented MLM Company in Suit by Competitor

Successfully defended an MLM company sued by another direct selling company for alleged business torts, and misappropriation of trade secrets. Successfully managed extensive factual and expert discovery and motion practice.

Defended Nevada Multi-Level Marketing Company

Successfully defended a Nevada multi-level marketing company against litigation from another direct selling company for alleged business torts and misappropriation of trade secrets. Successfully managed extensive factual and expert discovery and motion practice.

Represented MLM Independent Contract Distributors from Previous MLM Employer

Successfully defended individual distributors against litigation from a direct selling company with which they had previously been acting as independent contractors and which sued the individuals for alleged business torts, breach of contract and misappropriation of trade secrets. The Federal Court determined that provisions of the direct selling company's contract were overbroad and unenforceable.

Defended Nevada MLM Company Against Competitor's Independent Contractor

Successfully defended a Nevada MLM company against litigation from an independent contractor for another direct selling company for alleged business torts, misappropriation of trade secrets and other claims.

Represented Insurance Companies in Complex Environmental Insurance Coverage Litigation

Successfully defended insurance companies against complex environmental insurance coverage litigation from a former mining company relating to contamination allegedly emanating from a large phosphate mine in Eastern Idaho. Evaluated and litigated long-tail claims, time-on-the-risk issues as well as allocation issues to various parties. Successfully managed extensive factual and expert discovery and motion practice.

Defended Massachusetts Insurance Company Against Competitor in Western Region Environmental Insurance Coverage Litigation

Successfully defended a Massachusetts insurance company against environmental insurance coverage litigation from another insurance company relating to alleged contamination at a former dry cleaning facilities in Idaho and Washington. Evaluated and litigated long-tail claims, time-on-the-risk issues as well as allocation issues to various parties.

Defended Utah Multi-level Marketing Company

Successfully defended a Utah MLM company against litigation from another direct selling company for alleged business torts and misappropriation of trade secrets.

Argued Before Idaho Supreme Court re: the Use of Public Funds to Influence Elections

Successfully briefed and argued before the Idaho Supreme Court that a public entity cannot use public funds to influence elections. The resulting Idaho Supreme Court opinion held that it is illegal to so use public funds and resources to favor one side of an election.

Litigated for California Company in Transportation Related Personal Injury Matter - 9th Circuit Court of Appeals

Successfully defended a California company engaged in the transportation business from litigation from an injured individual alleging strict product liability for alleged distribution of a commercial machine. An injured user of the machine sued for strict product liability alleging in excess of \$3 million. Successfully managed extensive factual and expert discovery and motion practice. Secured complete summary judgment for the defendant at the trial court level and affirmed, after oral argument, before the Ninth Circuit Court of Appeals.

Defended Environmental Insurance Company in Case Related to Contamination at Cement Manufacturing Plant

Successfully defended an insurance company in environmental insurance coverage litigation related to environmental contamination at a cement manufacturing plant in Southern California. Successfully lead the team of experts to investigate and create a theory for the characterization of the fate and transport of contamination which had confused many experts, consultants and regulators for many years.

Represented Multiple Insurance Companies Against Claims Alleging Over \$3 Billion in Damages Relating to Environmental Contamination

Successfully defended multiple insurance companies against environmental insurance coverage litigation from a large petroleum and chemical company for alleged environmental contamination alleging damages in excess of \$3 billion and relating to claims throughout the United States, Canada and the Virgin Islands. The litigation was at one time one of the largest and most complex cases in the United States and related to thousands of contaminated sites.

Defended Insurance Company Against Claims Relating to Chemical and Mining Facilities

Successfully defended an insurance company in complex environmental insurance coverage litigation against claims seeking damages of tens of millions of dollars related to chemical facilities and mining operations throughout the United States.

Represented Multiple Insurance Companies And Defended Against Contamination Claims Brought by a Large Utility Company

Successfully defended multiple insurance companies against environmental insurance coverage litigation from a large utility company relating to contamination from former manufactured gas plant sites and alleging damages in the hundreds of millions of dollars.
