

Jason Steiert is a member of the firm's Environment Energy and Natural Resources Department. His practice is focused on the acquisition, sale, and operation of natural resource property and projects.

Jason D. Steiert

Shareholder | Salt Lake City

Biography

Jason Steiert serves clients in the natural resource, energy, environmental, and utility fields. In these fields, Jason has experience advising clients on and conducting due diligence, title examination, regulatory compliance and agency oversight, exploration, leasing, and royalty agreements. Jason also has experience in establishing mining ventures, addressing mining claim disputes, and preparing/negotiating a wide variety of commercial and land use contracts to support natural resource operations.

Prior to joining Parsons, Jason worked at Fabian VanCott where he gained experience in a wide variety of commercial litigation matters.

Experience

Structured Gold Mine Transaction and 1031 Exchange

Structured the sale of a gold mine to a junior mining company for the client including negotiating and documenting all aspects of the transaction, including a private placement and the payment of a mortgage. Also represented client Nevada Gold Mines in an IRS Section 1031 like-kind exchange of two mining properties, including environmental due diligence; real property transfers/recordings; personal property transfers; private placement on a secured credit facility; and tax structuring.

Sale of Mining Company

Representing a Canadian-based mining company in asset sale, including drafting and negotiating agreements for the sale of mining assets combined with a structure to provide indemnity protection against future operations.
